London Wool.

LONDON, May 3.—The beginning of the third of the wool sales has been fixed for June 7, and the beginning of the fourth for September 6. The entries for the third series will close upon the day the arrivals pass; 350,000 bales of the fourth will include all the cargoes reported before 4 p.m. of September 6th. The date for the opening of the fifth series has not yet been fixed. The entries will be available therefor, to the close of November 22. The total number of bales held over from last series was 24,000. Fresh arrivals number 216,827 bales. The market has been quiet since the close of the series.

Wage Reduction.

SAN FRANCISCO, May 3.—The American Sugar Refinery has made a 10 per cent. reduction in the wages of all its employees, except the clerks, teamsters and coopers. The reduction affects 320 men. The company, a year ago, made a voluntary increase of 10 per cent. in the wages of its employees, but has now caused a similar reduction, owing to the managers' explanation, to the workings of the inter-state commerce bill and the dullness of the sugar market.

WHILE THE AUTHORITIES ARE PREPARING NEW PUBLIC BATHS for the people who do not possess the means of resorting to the private bathing houses, it would hardly be an unreasonable stretch of liberality to furnish a supply of GLENN'S SULPHUR SOAP for use by the crowds of bathers who frequent them. The baths are intended for sanitary purposes, and that object would be more satisfactorily fulfilled by adding that excellent agent to its other facilities. CRITTENDON'S, New York. Sold by druggists.

New York Stock Exchange.

NEW YORK, May 3.—To-day's opening stock market was somewhat irregular, but generally firm, the advances over last evening's final figures ranging up to 1/2 per cent., the latter in Union Pacific. The market was then only moderately active, and later on became dull, with Western Union, New England and Reading leaders in activity. The movement in prices was light, and at first was generally downward, Western Union being conspicuous with a loss of 1/2. A rally occurred later, and early losses generally recovered, and in some cases a fraction in addition.

LATER.—The stock market to-day, except for three or four stocks, was fully as dull and featureless as yesterday, although operations in a few active stocks gave more character to trading. The opening was generally firm, most stocks showing an advance of 1/4 to 1/2. The market soon weakened, however, and fractional declines were established in the general list, while New England was specially weak for the first few minutes. A general rally occurred, however, before noon, although Western Union continued weak throughout. Most of the time the fluctuations in the general list were confined within a range of 1/4, and after 1 o'clock the market became extremely dull. Fort Worth & Denver was strong, and the general list responded feebly, but later the improvement was entirely lost. A heaviness prevailed until near the close, which was dull and steady.

Governments, dull, but steady to weak.
